

WEBSITE DRAFT · SEPTEMBER 2026

A new website for Treon Dental

Prepared for Dr. Robert Treon. A modern, mobile-friendly site designed to build trust with new patients in Phoenix and make booking effortless — and welcoming to Spanish-speaking families.

What this draft is designed to do

- **Look as trustworthy as the care.** Clean white and blue design, calm motion, no stock-template feel.
- **Turn visitors into appointments.** "Book" and "Call" are always one tap away, including a sticky Call | Book bar on phones.
- **Welcome nervous and Spanish-speaking patients.** Comfort-first messaging, conscious sedation, "Se habla español".
- **Get found on Google.** Built for searches like "dentist in Phoenix" and "orthodontist Phoenix", with structured data for Google Maps and search.
- **Fast and accessible.** Loads quickly on phones and meets accessibility (WCAG 2.2 AA) best practices.
- **Honest by design.** Nothing is invented — every fact comes from Treon Dental's public listings and is confirmed with you before launch. Empty spots are clearly marked.

NOTE ON IMAGES

Photography placeholders

- Soft blue panels marked "Photo · ..." show where real photography goes — for example the treatment room, reception, Dr. Treon's portrait and patient smiles.
- With the practice's OK, we can use photos already posted on **@treondental** and the Facebook page, or schedule a short professional photo session for the strongest result.
- Patient photos and before/after results are only published with written patient consent.
